

**ANIMAL HEALTH REQUIREMENTS FOR EXHIBITION OF
DOMESTIC ANIMALS IN INDIANA
2006**

GENERAL REQUIREMENTS FOR ALL SPECIES

This document describes the Indiana State animal health requirements for all animal exhibitions in the state. NOTE: Exhibition organizer s may impose additional animal health requirements as a condition of entry. Contact the exhibition organizer for specific information. Please call the Indiana State Board of Animal Health at 1-877-747-3038 with questions concerning animal health requirements.

A. Limitations on Exhibition

This section describes limitations on exhibiting animals in Indiana . There may be other exhibition limitations that are described in the specific species requirements.

1. Failure to meet all health requirements will result in removal of animals from the exhibition premise.
2. The following animals are not eligible for exhibition in Indiana :
 - a. Animals that originate from a herd that is under quarantine.
 - b. Any animal classified as a brucellosis "suspect".
 - c. Animals show ing symptoms of any infectious or communicable disease or that is otherwise a health hazard to persons or other animals.
 - d. Any animal that does not meet state animal health requirements.
3. Any animal that develops or shows signs of any infectious or communicable disease during exhibition must be removed from the premise including the surrounding exhibition grounds. An owner that is disputing the exclusion of their animal from exhibition may not exhibit the animal in question pending any appeal.

B. Certificates of Veterinary Inspection

1. Exhibitors presenting the following species must have a properly completed official certificate of veterinary inspection (CVI, commonly known as "health papers") for the animal but are **not** required to have the CVI approved by the Board of Animal Health prior to the exhibition:
 - a. All animals of the family Bovidae, including cattle, sheep, goats, and buffalo.
 - b. All animals of the family Equidae (horses, donkeys, etc...) if the animal originates from outside the state.
 - c. All animals of the family Suidae, including domestic and feral swine.
 - d. All animals of the family Cervidae, including deer and elk.
 - e. All animals of the family Camelidae, including camels, llamas, and alpacas.
2. Certificates of veterinary inspection accompanying animals for exhibition must be completed by a licensed and accredited veterinarian who has personally inspected the animals and must clearly include a description of each animal including the age, sex, and breed of the animal, and the official identification for each animal.
3. Certificates of veterinary inspection for all out of state swine and cattle going to the Indiana State Fair must have the import permit number for the 2006 Indiana State Fair, "**INSF06**", written on the certificate.
4. The official Indiana certificate of veterinary inspection for exhibition is valid for 90 days. A certificate of veterinary inspection on any animal coming from outside Indiana for exhibition in Indiana is valid for 30 days.
5. A copy of the official certificate of veterinary inspection for each animal exhibited must be on file at the state veterinarian's office prior to the opening day of the exhibition.

C. Identification

All animals requiring a certificate of veterinary inspection for exhibition must be permanently and individually identified by an acceptable method. Acceptable methods vary by species but may include an ear tag, legible tattoo, standard ear notch, and individual brand or breed registration number. Official identification acceptable for specific species of livestock exhibited in Indiana are as follows:

1. Swine: standard ear notch for breeding and exhibition swine.
2. Cattle: official ear tag, tattoo, or individual brand or registration number if accompanied by registration papers. Indiana steers that do not require testing may use any type of individual ear tag (e.g. plastic ear tag).
3. Sheep and Goats: official scrapie ear tag, scrapie tattoo, or breed registration tattoos that are enrolled in the scrapie program. Wethers younger than 18 months of age may be identified using any form of permanent identification. Electronic chips may be used if preapproved by the Indiana Board of Animal Health.
4. Horses: lip tattoo, individual brand, description of markings with name, or a registration number if accompanied by the registration papers.
5. Cervidae: tattoo or official ear tag.
6. If any additional identification other than the official identification is present, one of the additional identifications should also be listed on the certificate of veterinary inspection.

D. Testing

All tests required for exhibition must be conducted at the Animal Disease Diagnostic Laboratory (ADDL) at Purdue University , a laboratory approved by the Board of Animal Health or a state-federal-approved laboratory.

CATTLE

Before departing for exhibition, exhibitors should compare the animal identification listed on the certificate of veterinary inspection to the identification that is on the animals to be exhibited and check to be sure that all relevant blanks on the certificate of veterinary inspection are filled in with the proper information. Corrections to the certificate of veterinary inspection must be made by and initialed by a veterinarian.

1. SEE GENERAL REQUIREMENTS FOR ALL SPECIES.

2. **Cattle from Indiana** do not need a brucellosis test or a tuberculosis test for exhibition in Indiana .

3. The following **cattle from outside the state** must test negative for **tuberculosis** within 60 days prior to the date of arrival to the exhibition:

- a. All sexually intact female dairy cattle that are six (6) months of age or older that will be sold or otherwise not removed from the state within ten (10) days of the fair.
- b. **Cattle from states that are not designated tuberculosis free by the U.S. Department of Agriculture (as of December 2005 Michigan , Texas , and New Mexico)** must meet additional requirements for entry into Indiana . Contact the Indiana Board of Animal Health for specific information at 1-877-747-3038, extension 315.

4. **Cattle from outside the state** do not need a brucellosis test as long as the state of origin is classified as brucellosis free by the United States Department of Agriculture. As of December 2005, Texas is not brucellosis free.

5. All cattle, including Indiana cattle, that are to be offered for sale at an exhibition must have the necessary testing and other requirements completed within 30 days prior to the sale date.

For more information on cattle health requirements, call the Indiana Board of Animal Health at (317) 227-0315.

SHEEP AND GOATS

Before departing for exhibition, exhibitors should compare the animal identification listed on the certificate of veterinary inspection to the identification that is on the animals to be exhibited and check to be sure that all relevant blanks on the certificate of veterinary inspection are filled in with the proper information. Corrections to the certificate of veterinary inspection must be made by and initialed by a veterinarian.

1. SEE GENERAL REQUIREMENTS FOR ALL SPECIES.

2. Blankets must be removed from all sheep at the time of arrival

3. All wethers must be presented slick shorn for inspection at arrival.

4. No sheep or goats may be exhibited that are showing signs of being infected with ringworm.

5. For more information on sheep and goat health requirements, call the Indiana Board of Animal Health (317)227-0318.

CERVIDAE (Deer, Elk, and Moose)

Before departing for exhibition, exhibitors should compare the animal identification listed on the certificate of veterinary inspection to the identification that is on the animals to be exhibited and check to be sure that all relevant blanks on the certificate of veterinary inspection are filled in with the proper information. Corrections to the certificate of veterinary inspection must be made by and initialed by a veterinarian.

1. **SEE GENERAL REQUIREMENTS FOR ALL SPECIES.**

2. All cervidae to be exhibited in Indiana must meet one of the following requirements:

- a. Test negative for **tuberculosis** within ninety (90) days prior to the date of the exhibition.
- b. Originate from a herd that is certified monitored under the Indiana requirements for cervidae herd certification. 345 IAC 2-7-4.

3. All cervidae to be exhibited in Indiana must test negative for **brucellosis** within ninety (90) days prior to the date of the exhibition.

4. **Cervids from outside Indiana** must meet different requirements for entry into Indiana (345 IAC 1-3-6.5). Contact the Indiana Board of Animal Health for specific information at (317) 227-0315.

For more information on cervidae health requirements call the Indiana Board of Animal Health at (317)227-0315.

LLAMAS/ALPACAS

Before departing for exhibition, exhibitors should compare the animal identification listed on the certificate of veterinary inspection to the identification that is on the animals to be exhibited and check to be sure that all relevant blanks on the certificate of veterinary inspection are filled in with the proper information. Corrections to the certificate of veterinary inspection must be made by and initialed by a veterinarian.

1. **SEE GENERAL REQUIREMENTS FOR ALL SPECIES.**

2. No test is required on any llamas or alpacas for exhibition in Indiana .

For more information on llama/alpaca health requirements call the Indiana Board of Animal Health at (317)227-0315.

POULTRY

1. **SEE GENERAL REQUIREMENTS FOR ALL SPECIES**

2. All poultry presented for exhibition shall be accompanied by an official certificate of veterinary inspection or an appropriate National Poultry Improvement Plan (NPIP) certificate.

3. All poultry presented for exhibition must meet **one** of the following requirements:

- a. Test negative for pullorum-typhoid within 90 days prior to the date of their exhibition.
- b. Be hatched from eggs originating from certified NPIP pullorum-typhoid clean flocks.
- c. Originate from a flock where the entire flock is certified NPIP pullorum-typhoid clean.

For more information on poultry health requirements, call the Indiana State Board of Animal Health at (317)227-0320.

HORSES

1. **SEE GENERAL REQUIREMENTS FOR ALL SPECIES.**

2. Horses coming from out of state for exhibition in Indiana must meet the following requirements:

- a. Each horse must test negative for E.I.A. (Coggins test) within 12 months of the date of exhibition. Each horse must be accompanied by an official certificate of veterinary inspection that indicates the results of the E.I.A. test.
- b. A suckling foal accompanying a dam that has tested negative for E.I.A. within twelve months of the exhibition is exempt from the E.I.A. testing requirement.

3. The following applies to horses coming from Indiana for exhibition in Indiana :

- a. A certificate of veterinary inspection is not required.
- b. An E.I.A. (Coggins) test is not required.

4. No horse may be exhibited showing any symptoms of any communicable disease.

For more information on horse health requirements, call the Indiana Board of Animal Health at (317)227-0320.

SWINE

Before departing for exhibition, exhibitors should compare the animal identification listed on the certificate of veterinary inspection to the identification that is on the animals to be exhibited and check to be sure that all relevant blanks on the certificate of veterinary inspection are filled in with the proper information. Corrections to the certificate of veterinary inspection must be made by and initialed by a veterinarian.

1. **SEE GENERAL REQUIREMENTS FOR ALL SPECIES.**

2. Brucellosis Testing.

Swine from Indiana do not need a brucellosis test. A certificate of veterinary inspection is required.

Swine from outside the state do not need a brucellosis test as long as the state of origin is classified as brucellosis free by the United States Department of Agriculture. A certificate of veterinary inspection is still required. As of December 2005, Texas is not brucellosis free in swine.

3. Pseudorabies Testing.

Swine from Indiana do not need a pseudorabies test. A certificate of veterinary inspection is required.

Swine from outside the state do not need a pseudorabies test as long as the state of origin is classified as pseudorabies free by the United States Department of Agriculture. A certificate of veterinary inspection is still required.

4. All swine that are to be sold at a breed sale should have a certificate of veterinary inspection issued within **30** days prior to the sale to facilitate interstate movement after the sale.

For more information on swine health requirements, call the Indiana Board of Animal Health at (317)227-0310.

DOGS

1. **SEE GENERAL REQUIREMENTS FOR ALL SPECIES.**

2. No dog may be exhibited showing any symptoms of a communicable disease.

3. Each dog presented for exhibition must be accompanied by a certificate of vaccination or other statement that is signed by a licensed and accredited veterinarian and that indicates the vaccinations each animal has been given. A certificate of veterinary inspection may be used to document vaccinations but is not required.

4. All dogs 3 months of age and over must be vaccinated for rabies by a licensed and accredited veterinarian in accordance with the state rabies vaccination law. A certificate of vaccination for rabies must accompany the animal to the exhibition.

NOTICE: Indiana State 4-H Imposes Vaccination Requirements for Dog Show Participants Beyond the Requirements of the Indiana State Board of Health Minimum Requirements . Check With Your Local 4-H County Extension Educator for those Requirements.

For more information on dog health requirements, call the Indiana Board of Animal Health at (317)227-0320.

CATS

1. **SEE GENERAL REQUIREMENTS FOR ALL SPECIES.**

2. No cats may be exhibited that test positive for or show any symptoms of any communicable diseases.

3. Each cat presented for exhibition must be accompanied by a certificate of vaccination or other statement that is signed by a licensed and accredited veterinarian and that indicates the vaccinations each animal has been given. A certificate of veterinary inspection may be used to document vaccinations but is not required.

4. All cats over 3 months of age must be vaccinated for rabies by a licensed and accredited veterinarian in accordance with the state rabies vaccination law.

NOTICE: Indiana State 4-H Imposes Vaccination Requirements for Cat Show Participants Beyond the Requirements of the Indiana State Board of Health Minimum Requirements . Check With Your Local 4-H County Extension Educator for those Requirements.

For more information on cat health requirements, call the Indiana Board of Animal Health at (317)227-0320.
